PRELIMINARY PROGRAM

9th Croatian Symposium on Renal Replacement Therapy, DiaTransplant 2024
6th Congress of the Mediterranean Kidney Society (MKS)

THURSDAY, OCTOBER 17, 2024

Congress hall 0ABC

16:00-19:00 Registration

Congress hall 1ABC

19:00-19:30 Congress opening

19:30-20:00 Presidential lecture
The Kidney as Green Organ
Vincenzo Savica (Italy)

Congress hall 0ABC

Industry exhibition (Thursday, October 17, 2024 - Sunday, October 20, 2024)

FRIDAY, OCTOBER 18, 2024

Congress hall 0ABC

08:00-18:00 Registration

Congress hall 1ABC

08:30-09:45 **Session 1**
Chairs: Ingrid Prkačin (Croatia), Vincenzo Savica (Italy)

08:30-08:55 Renal Replacement Therapy in Croatia
Petar Kes (Croatia)

08:55-09:20 Renal Replacement therapy in the South-Eastern Europe in the last decade
Halima Resić (Bosnia & Herzegovina)

09:20-09:45 Arise of bioethics: the role of dialysis and transplantation
Jadranka Buturovic Ponikvar (Slovenia)

09:45-10:15 Coffee break
(Hall 0ABC)

DiaTransplant

9. hrvatski simpozij o nadomještanju bubrežne funkcije s međunarodnim sudjelovanjem
9th Croatian Symposium on Renal Replacement Therapy with International Participation

6. kongres Mediteranskog društva za bubrežne bolesti (MKS)
6th Congress of the Mediterranean Kidney Society (MKS)

1. kongres Hrvatske udruge nefroloških medicinskih sestara i tehničara
1st Congress of the Croatian Nephrology Nurse Association

Save the date
17.-20. listopada 2024.
October 17-20, 2024
Opatija, Hrvatska / Croatia

- 10:15-12:30 **Session 2**
Kidney Transplantation, part I
Chairs: May Hassaballa (Egypt), Lidija Orlić (Croatia)
- 10:15-10:40 Immunosuppression protocols in kidney transplantation
Miha Arnol (Slovenia)
- 10:40-11:05 Follow-up of Kidney Transplant recipients in 2024: towards an individualized approach
Mohamed Mongi Bacha (Tunisia)
- 11:05-11:30 Kidney transplantation in patients with intellectual disability
Nikolina Bašić Jukić (Croatia)
- 11:30-11:55 Delayed graft function
Mohamed Salah Zaki (Egypt)
- 11:55-12:20 CNI the overdose or the lover dose
Khadijah Habachi (Algeria)
- 12:30-13:00 **Satellite Symposium 1 - Takeda**
Chair: Sanjin Rački (Croatia)
- Challenges of treating CMV infection after solid organ transplantation - new therapeutic options
Nikolina Bašić Jukić (Croatia)
- 13:00-13:20 **Satellite Symposium 2 - Astellas**
Chair: Sanjin Rački (Croatia)
- Long-term outcome with slow-release tacrolimus (Advagraf)
Sanjin Rački (Croatia)
- 13:30-14:30 Lunch break
- 14:30-16:00 **Session 3**
Kidney Transplantation, part II
Chairs: Nikolina Bašić Jukić (Croatia), Stela Živčić-Ćosić (Croatia)
- 14:30-14:55 Possibilities of robotic surgery in donor nephrectomy
Dean Markić (Croatia)
- 14:55-15:20 Multivisceral transplants - challenges in the care of patients with simultaneous kidney and liver transplantation
Bojana Maksimović (Croatia)
- 15:20-15:35 Case report: BK nephropathy without detectable viremia or viruria
Damir Rebić (Bosnia & Herzegovina)
- 15:35-16:00 Pregnancy after kidney transplantation
Mirjana Laušević (Serbia)

October 17-20, 2024
Opatija, Hrvatska / Croatia

- 16:00-16:30 Coffee break
(Hall 0ABC)
- 16:30-17:50 **Session 4**
Pediatric nephrology - New treatment options for CKD complications
Chairs: Ayse Balat (Turkey), Aytül Noyan (Turkey)
- 16:30-16:50 Acidosis and hyperkalemia
Gulsah Kaya Aksoy (Turkey)
- 16:50-17:10 Possible biomarkers in CKD progression in children
Ayse Balat (Turkey)
- 17:10-17:30 Challenges and benefits of hemodialysis in children
Slaven Abdović (Croatia)
- 17:30-19:10 **Session 5**
Chronic Kidney Disease
Chairs: Josipa Josipović (Croatia), Ivan Bubić (Croatia)
- 17:30-17:40 Interim results from a post-marketing surveillance study of roxadustat: real-world clinical use in patients with anemia of chronic kidney disease
Božidar Vujičić (Croatia)
- 17:40-17:50 Consensus recommendations on fasting during Ramadan for patients with kidney disease (RAK initiative); what are the messages
Yasser Abdelhamid (Egypt)
- 17:50-18:00 Serum fatty acid-binding protein 4 as a biomarker for early detection of diabetic nephropathy in type 2 diabetes
Amr Shaker (Egypt)
- 18:00-18:10 High-sensitivity C-reactive Protein Level and Development of Diabetic Kidney Disease in Patients With Type 2 Diabetes Mellitus
Zheni Gjergji (Albania)
- 18:10-18:20 Mortality risk factors and survival outcomes of patients on the kidney transplant waiting list in Tunisia
Fadwa Helaoui (Tunisia)
- 18:20-18:30 Navigating Adverse Events of Immune Checkpoint Inhibitors: A Nephrologist's Perspective
Jelena Šimić (Croatia)
- 18:30-18:40 Pulse Pressure as Predictive Marker for CKD Progression
Suela Mumajesi (Albania)
- 18:40-18:50 Diet intervention of mediterranean diet at peritoneal dialysis (pd) patients in pd center Ljubljana and Rijeka is usefull for the patients without side effects
Knap Bojan (Slovenia)

18:50-19:10 Discussion

SATURDAY, OCTOBER 19, 2024

Congress hall 0ABC

08:00-18:00 Registration

Congress hall 1ABC

- 08:30-10:00 **Session 6**
Chronic Kidney Disease
Chairs: Fevzi Ersoy (Turkey), Mona Roshdi (Egypt)
- 08:30-08:55 Novel Therapeutic Approaches in Cardiorenal Syndrome
Özant Helvacı (Turkey)
- 08:55-09:20 Slowing the progression of Chronic Kidney Disease
Radomir Naumović (Serbia)
- 09:20-09:40 Adherence to Plant-Based Diets and Risk of CKD Progression
Josipa Radić (Croatia)
- 09:40-10:00 TBA
- 10:00-10:45 **Satellite Symposium 3 - AstraZeneca**
Renal Insights: Exploring Detection Strategies and Therapeutic Options in CKD
Chair: Sanjin Rački (Croatia)
- 10:00-10:25 Unveiling Chronic Kidney Disease: Identifying Affected Patients in Croatia
Mario Laganović (Croatia)
- 10:25-10:45 Beneath the Surface: Assessing SGLT2 Inhibitors in Chronic Kidney Disease
Sanjin Rački (Croatia)
- 10:45-11:15 Coffee break
(Hall 0ABC)
- 11:15-12:00 **Satellite Symposium 4 - Boehringer Ingelheim**
Empagliflozin extends the limits
Chair: Sanjin Rački (Croatia)
- 11:15-11:25 Empagliflozin extends the limits: Exploratory analyses from the EMPA-KIDNEY trial
Sanjin Rački (Croatia)
- 11:25-11:35 Promise fulfilled: Impact of primary kidney disease on the effects of empagliflozin
Mario Laganovic (Croatia)

October 17-20, 2024
Opatija, Hrvatska / Croatia

- 11:35-11:45 New evidence: Consistent effects of empagliflozin irrespective the patients' baseline health condition
Ita Jelić Pranjić (Croatia)
- 11:45-12:00 Discussion
- 12:00-12:20 **Satellite Symposium 5 - Sandoz**
Chair: Sanjin Rački (Croatia)
- Health literacy – challenges in communication with nephrology patients
Božidar Vujičić (Croatia), Bosiljka Devčić (Croatia)
- 12:20-12:45 **Satellite Symposium 6 - PharmaExpress**
- 12:20-12:35 Presentation of the Asahi device PalsautoSigma
Ivan Durlen (Croatia)
- 12:35-12:45 Use of polysulfone dialyzers coated with vitamin E in hemodialysis patients
Ivana Iskra (Croatia)
- 12:45-13:15 **Session 7**
Home hemodialysis
Chair: Sanjin Rački (Croatia)
- 12:45-13:15 Guidelines for home hemodialysis CSNDT (HDNDT)
Karmela Altabas (Croatia)
- 13:15-14:15 Lunch break
- 16:00-17:15 **Session 8**
Peritoneal dialysis
Chairs: Dragan Klarić (Croatia), Dijana Borić Škaro (Croatia)
- 16:00-16:25 Monitoring of the Peritoneal Membrane
Nadia Kabbali (Morocco)
- 16:25-16:50 High quality goal directed PD
Dina Abdellatif (Egypt)
- 16:50-17:15 Peritoneal dialysis catheter placement, options for nephrologist
Branislav Čingel (Croatia)
- 17:15-17:45 Coffee break
(Hall 0ABC)
- 17:50-19:00 **Session 9**
Transplantation
Chairs: Branka Sladoje Martinović (Croatia)

October 17-20, 2024
Opatija, Hrvatska / Croatia

- 17:50-18:00 Implementation of trans-esophageal echocardiography in pre-transplant recipient's basic preparation
Moataz Fatthy (Egypt)
- 18:00-18:10 Differences in mediterranean diet adherence in the 3 year follow up period in the cohort of kidney transplant recipients
Marijana Vučković (Croatia)
- 18:10-18:20 Hepatitis E Virus Status in Kidney Transplant Recipients: Results from the prospective HEPVIROTRANSPLANT Project
BOJANA ŠIMUNOV (Croatia)
- 18:20-18:30 Retrospective observational study on kidney transplant recipients admitted in medical intensive care unit
Batur Lucija (Croatia)
- 18:30-18:40 Association of the expression of different BMP subtypes in recipient arteries and long term outcomes after kidney transplantation
Armin Atić (Croatia)
- 18:40-18:50 The Effect Of Intraoperative Intravenous Fluid Choice On Biochemical Markers And Postoperative Graft Function In Renal Transplantation Surgery: A Literature Review
Đidi Delalić (Croatia)
- 18:50-19:00 Kidney transplantation in patients with urinary diversion
Dean Markić (Croatia)
- 19:00-19:10 Molecular microscope diagnostic system in patients after kidney transplantation - experience from the University Medical Centre Ljubljana
Neva Bezeljak (Slovenia)
- 19:10-19:20 The antiproteinuric effect of gliflozins is associated with improved vitality, protection from advanced glycation end-product and increased mitochondrial density of endothelial cells
Davide Viggiano (Italy)

Congress hall 2BCD

14:15-16:00 e-Poster session

Chairs:

Chronic Kidney Disease 1 (P-CKD1 – P-CKD8): Jerko Barbić (Croatia)

Chronic Kidney Disease 2 (P-CKD9 – P-CKD12), Dialysis, Acute Kidney Injury 1 (P-D1 P-D4): Siniša Šefer (Croatia)

Dialysis, Acute Kidney Injury 2 (P-D5 – P-D12): Karmela Altabas (Croatia)

Dialysis, Acute Kidney Injury 3 (P-D13 – P-D20): Valentina Ćorić Martinović (Croatia)

Dialysis, Acute Kidney Injury 4 (P-D21 – P-D28): Vinko Brozović (Croatia)

Transplantation 1 (P-T1 – P-T8): Ivana Kovačević Vojtušek (Croatia)

Transplantation 2 (P-T9 – P-T16): Bojana Maksimović (Croatia)

Transplantation 3 (P-T17 – P-T25): Enisa Mešić (Bosnia and Herzegovina)

Congress hall 1ABC

- 08:30-10:10 **Session 10**
Miscellaneous
Chairs: Dario Nakić (Croatia)
- 08:30-08:55 Innovations in transplantation - the potential of stem cells
Ljiljana Fodor (Croatia)
- 08:55-09:20 Coronary disease in symptomatic dialysis patients
Dario Nakić (Croatia)
- 09:20-09:45 Is an intensivist or a nephrologist more important for CRRT?
Ivan Durlen (Croatia)
- 09:45-10:10 Hyperuricemia in health and disease, an example of chronic kidney disease
Jerko Barbić (Croatia)
- 10:10-10:30 Coffee break
(Hall 0ABC)
- 10:30-12:00 **Session 11**
Dialysis, Acute Kidney Injury
Chairs: Draško Pavlović (Croatia), TBA
- 10:30-10:40 Is the combination of linagliptin and allopurinol better prophylaxis against post-contrast acute kidney injury? A multicenter prospective randomized controlled study
Ahmed Fayed (Egypt)
- 10:40-10:50 Acute extracorporeal therapy, a single centre experience
Yasser Abdelhamid (Egypt)
- 10:50-11:00 Our center's experience with extracorporeal blood purification in critically ill patients
Amila Jašarević (Bosnia & Herzegovina)
- 11:00-11:10 Komplikacije peritonealne dijalize: iskustvo jednog centra
Azra Ribić-Mrkonja (Bosnia & Herzegovina)
- 11:10-11:20 Diet intervention of mediterranean diet at peritoneal dialysis (pd) patients in pd center Ljubljana and Rijeka is usefull for the patients without side effects
Bojan Knap (Slovenia)
- 11:20-11:30 Mortality of hemodialysis patients
Pešić Snežana (Serbia)

- 11:30-11:40 Can we improve eco-dialysis in Croatia?
Draško Pavlović (Croatia)
- 11:40-11:50 Percutaneous hemodialysis arteriovenous fistula formation at the Clinical Hospital Center Rijeka
Lovro Tkalčić (Croatia)
- 11:50-12:00 Discussion
- 12:15-12:30 Closing remarks

DiaTransplant & MKS 2024 Student session

SATURDAY, OCTOBER 19, 2024

Congress hall 2BCD

- 17:00-19:20 **Student presentations**
Chairs: Ivan Bubić (Croatia), Nikolina Bašić Jukić (Croatia)
- 17:00-17:10 Psihoza tijekom CMV bolesti - prikaz slučaja
Anja Kovačić (Zageb, Croatia)
- 17:10-17:20 Cryptococcal infections in renal transplant recipients
Nataša Hudej (Zagreb, Croatia)
- 17:20-17:30 Incidencija i posljedice posttransplantacijskog oftalmičkog zosteru – retrospektivna analiza podataka Zavoda za nefrologiju Kliničkog bolničkog centra Zagreb
Lovro Krajina (Zagreb, Croatia)
- 17:30-17:40 Transplantacije bubrega od moždano mrtvog darivatelja s aktivnom tuberkulozom
Marta Kovačić (Zagreb, Croatia)
- 17:40-17:50 Pretransplantacijsko određivanje protutijela na antigene non-HLA u bubrežnih bolesnika na listi čekanja
Aida Mujić Franić (Rijeka, Croatia)
- 17:50-18:00 Antihyperglycemic prescription patterns among stable kidney transplant recipients with Diabetes Mellitus type 2: single-center experience
Anders Ødeverp (Split, Croatia)
- 18:00-18:10 Gingivalna hiperplazija u bolesnika s transplantiranim bubregom
Petra Magdalena Kes (Zagreb, Croatia)
- 18:10-18:20 Simultana transplantacija jetre i bubrega u pacijentice s primarnom hiperoksalurijom - potreba za nastavkom intenzivnog dijaliznog liječenja
Luciana Koren (Zagreb, Croatia)
- 18:20-18:30 Višestruke komplikacije u transplantiranog bolesnika
Andro Koren (Zagreb, Croatia)

1st Congress of the Croatian Nephrology Nurse Association

Save the date
17.-20. listopada 2024.
October 17-20, 2024
Opatija, Hrvatska / Croatia

- 18:30-18:40 A Case of Porocarcinoma in a 62-year-old Immunosuppressed Female
David Beck (Zagreb, Croatia)
- 18:40-18:50 Karcinom dojke u muškog pacijenta nakon transplantacije bubrega
Erin Puch (Zagreb, Croatia)
- 18:50-19:00 Transplantacija bubrega kod bolesnika s rijetkom bolešću
Klara Profeta (Zagreb, Croatia)
- 19:00-19:10 Urotelni papilarni karcinom nakon transplantacije bubrega u pacijenta koji je u remisiji limfoma
Helena Polanščak (Zagreb, Croatia)
- 19:10-19:20 Transplantacija bubrega kod pacijenta sa sindromom Denys-Drash
Stipe Slišković (Zagreb, Croatia)

SUNDAY, OCTOBER 20, 2024

Congress Hall 2A

- 09:00-11:00 **Student presentations**
Chairs: Božidar Vujičić (Croatia), Josipa Radić (Croatia)
- 09:00-09:10 Kalcificiranost ilijačnih arterija i markeri koštane pregradnje u bolesnika s transplantacijom bubrega
Mate Kutlić (Rijeka, Croatia)
- 09:10-09:20 Lipid-lowering therapy among Dalmatian kidney transplant recipients: Single-center experience
Julija Kancler (Split, Croatia)
- 09:20-09:30 Blood pressure values in hemodialysis patients
Madgalena Purgar (Osijek, Croatia)
- 09:30-09:40 Inflammation and lipid profile in patients treated with hemodialysis
Petra Ugljarević (Osijek, Croatia)
- 09:40-09:50 Pill and medication burden and hyperphosphatemia in hemodialysis patients
Filip Šimić (Osijek, Croatia)
- 09:50-10:00 Mehanička komplikacija peritonejske dijalize
Matko Prtorić (Zagreb, Croatia)
- 10:00-10:10 Komplikacija peritonealne dijalize opstrukcijom katetera fimbrijama jajovoda
Fran Rozić (Zagreb, Croatia)
- 10:10-10:20 Usporedba liječenja komplikacija kronične bubrežne bolesti u bolesnika starijih od 70 godina: konzervativno liječenje vs liječenje dijalizom
Marta Pešut (Rijeka, Croatia)

PETAK, 18. listopada, 2024

Dvorana 0ABC

08:00-18:00 Registracija sudionika

Dvorana 2A

08:30-09:45 **Radionica: Endovaskularne fistule i primjena UZV u sestrinstvu**
Moderatori: Edita Vojnović, Ivica Brizar, Manuela Čanadžija

Postupak endovaskularnog oblikovanja arteriovenske fistule za dijalizu
Lovro Tkalčić (Hrvatska)

Workshop
Lovro Tkalčić (Hrvatska)

Ultrazvučni pregled krvnih žila ruku

Ultrazvučni pregled endovaskularno oblikovane AV fistule za dijalizu

Punkcija AV fistule za dijalizu

09:45-10:15 Pauza za kavu
(dvorana 0ABC)

10:15-10:45 **Nefrologija**
Moderatori: Gordan Terlević, Suzana Šoljaga, Vesna Odobašić

10:15-10:30 Pristup perifernom venskom putu pomoću ultrazvuka – specifičnosti kod kroničnih bubrežnih bolesnika
Suzana Šoljaga (Hrvatska)

10:30-10:45 Prikaz slučaja bolesnika sa kardioresnalnim sindromom
Bojana Stjepanović (Hrvatska)

10:45-12:00 **Radionica: Kardiopulmonalna reanimacija**
Moderatori: Josip Brusić, Sandro Vidmanić, Željka Vidić

Osnovno održavanje života (BLS) uz upotrebu automatskog vanjskog defibrilatora (AVD-a)
Josip Brusić (Hrvatska)

BLS – Basic Life Support (osnovno održavanje života)

Održavanje otvorenog dišnog puta manualnim hvatovima i jednostavnim pomagalima

Scenarij srčanog zastoja
